

Evacuation go-bag

What leaves with you. The rest of the kit can stay if you cannot carry it.

General information, not professional, insurance, or legal advice. Always follow official evacuation orders from your county.

Before you lock the door

- ☐ Evacuation zone written down, and the address you are going to
- ☐ Phones charged, backup battery in the bag
- ☐ Gas tank at least half full, or the charge the manual calls for
- ☐ House locked, and pool power off if you have a pool

In the bag

- ☐ Water and a small amount of non-perishable food for the drive and the first night
- ☐ Prescription medicine and the written dose list
- ☐ First aid kit
- ☐ Copies of ID, insurance policies, and medical papers
- ☐ Cash
- ☐ Clothes, sturdy shoes, and a flashlight
- ☐ Charger and paper maps
- ☐ Infant supplies, if you need them
- ☐ Something familiar for each child

Pets

- ☐ Leash or carrier
- ☐ Food and water
- ☐ A photo of you with the pet, on paper and on the phone
- ☐ A destination that allows animals - Pinellas says take pets with you
